GLOSSARY

[View Full Glossary](#)

- First Owner**
 When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.
- Fleet Vehicle**
 Vehicle was registered or sold to a company that manages vehicle fleets.
- Inspections**
 Many states or counties require annual or biennial emissions and/or safety inspections. Odometer readings are collected at the time of the inspection.
- Lease**
 When someone leases a car from a dealer, the dealer actually sells the vehicle to a leasing company. The leasing company then collects payments for the vehicle from the new owner for 24, 36, 48 or more months. A leasing company can be an independent car dealer or a car manufacturer.
- Ownership History**
 CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1994 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.
